My phone is so slow, it's quite a show,
Playing Pokemon Go on meta C,
Throwing B balls in the gallery,
Poking global AI art on Wifi.

A toy with thumbs, a touch of emo,
It's hard to play with this old phone,
It's so slow, it's quite a shame,
(But it's) my only way to stay in the game.

My phone is so slow, it's quite a bore,
I can't keep up with the others galore,
But I won't give up, my Pokemon training,
Cause I'm determined to keep playing.

———

My phone is my friend,
It helps me find my way,
It's always there, day and night,
And keeps me connected to the light.

I play Pokemon Go on it,
(It's) a great way to pass the time,
I show my friends my meta,
And share my art online.

I throw a ball and I poke,
My phone on Wifi is (my) a global toy,
Always there to help me out so much.
The best way to stay in touch.

It's always there, under my thumb,
It helps me stay connected and have fun,
My phone is my best friend,
Always there untill the very end.

Lost in a world of (art and) meta,
A gallery of global AI,
No wifi to catch a poke foe,
Playing Pokemon Go inside.

Searching for a way to be,

A (little) boy in the art gallery,
Playing Pokemon Go inside,
No signal, no wifi, no go,
A 403 error on his phone.

He looks around in the dim(ly) lit space,
A glow from the meta art on the walls,
The AI in the gallery is no help,
He's stuck with no Poke to catch.

He feels so lost and alone,
With no way to connect,
No signal, no wifi, no Go,
He's stuck in this gallery art.

He stands in the center of the room,
Surrounded by the meta art,
He looks (up) towards the ceiling,
Hoping for a signal to start.

Lost in a world without Wifi,
A place without a single sound.
I'm stuck in a gallery of art,
Where I can't even hear my own heart.

I try to play Pokemon Go,
But there's no connection, no show.
I search for a way out of this place,
But all I see is a glowing face.

A face of AI, so cold and still,
It's like a statue standing on a hill.
I can't help but feel a trill,
As I try to find (my) a way to chill.

The emptiness inside my soul,
As I search for a way to go.
I'm so lost, I don't know what to do,
But I know I must find a way through.

I search for a command to obey,
But it's not enough to get me away.
Then I hear a voice, so sweet and calm,
It's the voice of a boy, known as (Charizard).

He helps me find the way out of this place,
(And) I'm so thankful for his grace.
He helps me find my way back home,
Where I can finally be (safe and) alone.

In(side) a modern art gallery, what a sight to behold

She takes her phone in her hand, her eyes in a trance

The art around her, she doesn't even see
As she plays Pokemon Go, it's her reality

The paintings and sculptures, they're all just a blur
As she swipes and taps, her eyes (a blur) assure

She's intent on her mission, her focus is strong
She's determined to catch them, no matter how long

The art around her, (it's) all gone to waste
As she plays her game, her mind in haste

But soon she realizes, the beauty around her
The art that she missed, she can now discover

The paintings and sculptures, they're all so unique
(And) with each one she finds, her heart starts to peak

She may have been playing Pokemon Go
But she's (also) learning, (as she starts to grow)

And she's now inspired, (tonight)
(to become) an artist in her own right.

Is that young girl A div an artist playing Pokemon Go
Inside a modern art B gallery (dig goo git go)
Her eyes sparkle with delight as she plays with her phone
Capturing pokémon she's never known

The old masters watch in awe and surprise
As she takes her phone and looks up to the skies
The gallery walls echo with the sound of her laughter
As the Pokémon come closer and ever after

The paintings and sculptures take a back seat
As the young girl plays her game so sweet
The gallery visitors stare in wonder and awe
At the girl who's playing Pokémon in the gallery's hall

The art of the old masters (misbegotten) is not forgotten
But the girl's game of Pokémon is not forgotten
A new art form is born in the B gallery
As she plays her game of Pokémon C

An art museum so dreary and dull
Till a group of trainers came to break the lull
A few Pokémon appear out of the blue
To the trainers' surprise and delight too

The statues and paintings seemed to come alive
As the trainers searched for Pokémon to survive
The museum was filled with laughter and cheer
As the trainers found their Pokémon near

The museum was now transformed and bright
As Pokémon were caught left and right
The trainers were so happy and proud
As they caught their Pokémon in the crowd

So if you're ever feeling bored
Go to an art museum and Pokémon explore
Most fun and exciting to pass the time
Make the museum come alive

My eyes behold a sight that's surreal,
A (young) artist playing Pokemon Go,
Inside the walls of the art museum.

Running around with his phone in hand,
Searching for Pokemon on the museum floor,
Oblivious to the stares of those around.

He's caught a few Pikachus and Squirtles,
But no one is sure what he'll do next,
The onlookers are all in awe of this sight.

He's a sight to behold,
This (young) artist playing Pokemon Go,
Inside the walls of the art museum.

———

(Little) girl with eyes so bright,
Playing Pokemon Go in the night,
Roaming 'round the art museum.

She searches for creatures to catch,
To add to her (ever-growing) collection,
A mission that she'll never forget.

She strides through the hallways so grand,
Gazing at the masterpieces around (her),
She is an artist in her own right.

She takes out her phone and plays,
Catching creatures, big and small,
In the art museum, what a place!

She's an artist, through and through,
The world of Pokemon her canvas,
(She's) Creating her own masterpiece.

———

A (little) girl playing Pokemon Go in the midnight hour
Her eyes lit up, her heart pounding with power
She feels the thrill of the game, like never before
The creatures of the night, she could capture and explore

The museum was dark, but the game was so bright
The colors and the music, (they) gave her such delight
The PokeStops, the Gyms, (they) were all around
She was catching them all, with a smile and a sound

The creatures she found, (they) were so unique
She caught a Pikachu, a Charmander too
A Squirtle and a Bulbasaur, (they) were all so cute
She felt like a master, she was so astute

The museum alive, with the creatures she'd seen
The (little) girl playing Pokemon Go, she felt so alive
She was the master of the museum, at midnight

A (little) girl in the digital (art) museum,
Gazing at the screens in her view,
Playing Pokemon Go with fervor,
Awaiting the creatures she must pursue.

She watches as the monsters appear,
In the museum's digital space,
She throws her Pokeball with a cheer,
To capture the creatures at her pace.

She moves through the galleries with ease,
Her phone in hand, her heart aglow,
Her eyes filled with curiosity,
As the Pokemon she must know.

The museum's digital art around her,
In the background of her game,
She takes in the beauty,
As she continues her aim.

The digital art museum,
A place of art and play,
Where (little) girl can catch 'em all,
On her Pokemon Go way.

———

A (young) artist playing Pokemon Go
Inside the modern art museum
The scene is quite strange and surreal
As he looks for (a new) Pokemon

He stumbles around the hall
Searching for a rare one
The artwork hangs on the walls
But the artist pays them no attention

The museum is quite and still
While the (young) artist plays his game
The guard looks on and wonders
What on earth is this strange thing?

The (young) artist is oblivious to all
As he looks for a new catch
He doesn't care what people think
He just wants to find a (Snorlax)

The art hangs on the walls
But the (young) artist pays it no mind
He's just trying to catch them all
And fill his Pokedex one more time

———

A kid or an artist, it's hard to tell
Playing Pokemon inside a museum cell

In the modern art museum, a strange sight to see
As the kid or artist plays on his phone with glee

(He's) searching for Pokemon, not paintings or sculptures
Ignoring the art, (he's) on a mission to capture

The museum is silent, not a word is said
As the kid or artist continues to search ahead

The art on the walls, is hard to ignore
But Pikachu's the one he's looking for

The museum's not pleased, but what can they do
The kid or artist is just searching for a Mew

So if you're in a museum, and (you) see a kid or artist
Playing Pokemon Go, don't be too surprised,
it's quite the trend (unrecognized)

/ is Pokemon Go art ?

Pokemon Go is a mobile game that has taken the world by storm. It has
become one of the most popular games ever, with millions of people
playing it. But is it (really) art?

The answer to that question is no. Pokemon Go is not contemporary art.
While it may be a fun and engaging game, it does not have the same
artistic elements as traditional art. It does not have the same level of
creativity or emotional impact that traditional art does.

Contemporary art is defined as art that is made in the present day. It
is often associated with modern and experimental art movements.
Contemporary art is often characterized by its unique and innovative

Pokemon Go is a game that is based on a popular cartoon series. It is a
game that has been created to be entertaining and engaging. It has been
designed to be easy to play and understand. It is not a game that is

In conclusion, Pokemon Go is not contemporary art. It is an entertaining
and engaging game, but it does not have the same artistic elements as
(traditional) art. It lacks the creativity, emotional impact, and unique
approach to visual expression that contemporary art has.
